BUILDING AUSTRALIA

HANSENYUNCKEN

WE NEED YOUR HELP TO NAME OUR CRANE!

NAME THE TOWER CRANE ON OUR NEW COMMUNITY HUB SITE!

THE CONSTRUCTION PROJECT

Hansen Yuncken is a national construction company and we are building a new community hub in Hervey Bay.

The new Hervey Bay Library and Administration Centre (incorporating Disaster Resilience Centre), emphasises community engagement and over three-quarters of the development will be dedicated to public spaces, making it a multifunctional hub for learning, socialising, and accessing essential Council services. With an expanded library spanning two levels, a dynamic outdoor plaza, and versatile community spaces, the centre aims to become a focal point for both residents and Council operations.

We will be building a flat top tower crane in the middle of the site to help move heavy materials around while we work. The crane will be **45 metres tall (which is taller than 9 giraffes)** with a **70 metre jib or arm (longer than 6 buses)**, and will be built on a **big slab of concrete that is 1.6 metres thick (using 40 cubic metres of concrete)** to make sure it is safe and can lift everything we need around the site.

THE COMPETITION

Since the crane will be an important part of the job until September 2025, we want your help to give it a name so it can be a part of the construction team!

The winning student and their immediate family will be invited to attend a crane naming ceremony on the construction site, where you can see the newly named crane up close.

We will also be awarding prizes for the runner up, and the best coloured entries.
